# About Province

- Life is all about learning. There is no better place to learn than an Institution. PROVINCE is a world full of exciting challenges. Our students are smart and inquisitive, creative and adventurous. Through learning, teaching and research, we are inspiring the next generation and challenging them to see the world in a different way. We believe in delivering Tacit & Explicit knowledge. With our growing reputation, flexibility, our student's energy and commitment, PROVINCE is at the center of 21st century education.
- We match Expectations with Perceptions, providing the best of services matched with Quality, Cost-effectiveness & Time-efficiency. We help every student shape future & achieve dreams. We deliver equality results through our effective tools of Innovation & Creativity.
- Our Strengths are our Faculty who are exposed with the best of experience. Our Trainers include people from across different fields in order for our students to gain and share their experience & knowledge. We have seminars, brain storming sessions, group discussions on a regular basis. We allow students to attend sessions conducted by great speakers.
- We are one of the prestigious & fast growing Institutions providing Quality Education along with Training & Development Programs. -We aim at development of the student through individual concentration & mould the student in both tacit & explicit knowledge. -We are situated in the heart of the Garden & IT city of India- Bangalore and provide equality to all students irrespective of marks, caste, lingual, religion, region etc.
- If you are looking for an extremely wide range of courses that you just simply can not find any where else then look no further. Here at Province we boast over plenty courses that we not only offer at our College through Face-to Face Regular Mode but also offer through Distance Education Mode too.

# ABOUT BANGALORE/BENGALURU

Bangalore, also known as Bengaluru is the capital city of the Indian state of Karnataka. Bangalore is known as the Silicon Valley of India because of its role as the nation's leading Information Technology (IT) exporter. It is nicknamed the Garden City and was once called a pensioner's paradise. Bangalore has one of the best educational institutions in India and the standard of education is considered to be very high compared to many other states in the country. It is for this reason that students graduating from the Universities in Bangalore are one of the most sought after by the multinationals, Corporates and big industrial houses. Best Educational and research institutions in Bangalore: Indian Institute of Science (IISc), Indian Institute of Management (Bangalore) (IIMB), National Institute of Fashion Technology ( NIFT ) National Institute of Mental Health and Neurosciences (NIMHANS). Best Companies in Bangalore: Bharat Electronics Limited (BEL), Hindustan Aeronautics Limited (HAL), National Aerospace Laboratories (NAL), Bharat Heavy Electricals Limited (BHEL), Indian Space Research Organization (ISRO), Infosys , Wipro.

- ❖ Collaborated with Grand Master Vasanth Kumar to train Meditation, Self defence and MMA to our students.

# ABOUT FOUNDER

The idea of Province was started in 2011 by Dr. Mohammed Vaseem Ammar from his pocket money. He is a BBA & MBA Graduate in HR & Marketing. He also has an Honorary Doctorate in

Management.. He has a Diploma in Tesol and an Advanced Diploma in Computers & Comm. He has many years of corporate & Business experience in the fields of Finance, HR, Marketing, Event Management, Trading, Education, Consulting, Counselling, Research, Training & Public Speaking. In his MBA college days he felt there was GAP & NEED which was present in every Institution. The GAP between college & work life; the NEED for explicit & tacit knowledge; the NEED for both practical & theoretical knowledge.

He started to research on if expectations meet perceptions and how students and job aspirants are facing such problems. This led to the start of a revolution called "PROVINCE". Province College was initiated in the year 2013. He wanted to focus more on practical knowledge and value added courses to help individuals sustain and grow in the competitive world. He started to prepare students to adapt to any rigid environment. As he says "There is Peace only after War". He wanted to evade the traditional system of education which emphasizes only on books & theoretical knowledge. Hence, started conducting personality development, motivational, breakthrough programmes to help students realize their dreams and achieve them. Dr Vaseem says "We do not TEACH, we GUIDE at Province!"

His usual words of motivation are "FOR EVERY 1000 PEOPLE ONE BUSINESSMAN IS BORN & FOR EVERY 1000 BUSINESSMEN ONE ENTREPRENEUR IS BORN" which now is helping in creating and preparing young and budding entrepreneurs. He encourages startups and provides guidance to students in starting up new ventures. Along with providing 100% job placements guidance in the right field and with recognised and valued companies.

He focuses more on improving communication, body language, removing stage fear- both for Staff & Students as he believes "WORDS ARE OUR WEAPONS, ONE CAN CONQUER THE WORLD WITH WORDS". He also encourages work while study Internships, International Study tours, Industrial visits & Seminars from experienced trainers and speakers.

On his future plans Vaseem said "My future plans are many. I would like to dedicate my life towards societal and community service. I want to take my Institutions to world class and set an example in the field of education. I want to establish a system of education which will match every student/Parent pre-expectations and post-perceptions. I also want to start up a hospital for the poor and needy with all the latest technology and equipments. I want to counsel students, job seekers, parents, and entrepreneurs to the right path free of cost". He says "My organisation has worked as a team giving their 100%, overcoming the difficulties and accepting the new challenges offering high quality education to students. Each day has been a new day for learning and we've consistently grown during this tenure."
